Project Description

Principal's Priority

2

Clark Middle School is requesting additional music instruments for students. We currently enroll 1105 students. We are the largest comprehensive middle school in Anchorage. With a large number of disadvantaged students enrolled students desperately need access to instrument to participate in the music program. Rental fees often crush the hopes of students who desire to participate but are not able to afford the cost throughout the school year. The proposal is to request funds to purchase additional band and orchestra instruments for students attending Clark Middle School.

Benefits if Project is Funded

With approved funding Clark would anticipate an increase in the number of students registered to take band or orchestra. An increase of instruments would afford students the opportunity to borrow an instrument from the school. Additional instruments would eliminate disparity amongst; creating opportunities for students to have access to participate in all classes within the school.

Impacts if Project is not Funded

Without funding the impact would limit the number of instruments available to be loaned to students.

of Students impacted by project 150

Project Start Year 2011
Project Finish Year 2011

Project has matching funds are available No
Project has prior state funding available No

Project has federal funding available No
